

"In nature's embrace, my brush dances with the colors of serenity, echoing the whispers of beauty onto canvas."

An artist whose journey began amid the lush valleys and waterfalls of Eastern India, where my family cultivated a rich heritage of arts, music, and yoga. Nature, with its vibrant colors and diverse elements, is my muse, influencing every stroke. While I work with various mediums, watercolor holds a special place, capturing the natural flow and beauty of our surroundings.

Beyond the canvas, I'm a devoted mother, culinary enthusiast, and a learning pianist. Armed with a Diploma in Fine Arts, MBA and corporate experience, my art is a fusion of cultural roots and the diverse beauty that surrounds us."
